

# UAE President meets Emirati students during state visit to Republic of Korea

◆ 29 May 2024 | 📍 Seoul

---

President His Highness Sheikh Mohamed bin Zayed Al Nahyan met with a number of Emirati students studying at Korean universities and institutes as part of his state visit to the Republic of Korea.

During the meeting in Seoul, His Highness heard from students about their academic specialisations and progress, engaging in friendly conversation. He encouraged them to persevere and excel in their studies to contribute to the UAE's development through the knowledge and skills they acquire.

His Highness expressed his pleasure at meeting the students and following up on their wellbeing, affirming that all Emirati students, whether at home or abroad, are of great importance to the UAE leadership, which spares no effort in providing the necessary resources to help them achieve their educational goals and attain academic advancement, thereby fulfilling the nation's aspirations.

His Highness emphasised that students play a crucial role in the future of UAE-Korea relations, highlighting the UAE's keen interest in learning from the Republic of Korea's pioneering developmental experience and strengthening the bilateral strategic partnership across various sectors. He also noted that there are ambitious plans to further enhance these relations in the future.

His Highness added that the Korean people will experience the UAE through Emirati students, who embody its values, culture, and global standing. His Highness also encouraged them to learn about Korean culture to become cultural bridges between the two peoples, thereby enhancing bilateral ties and showcasing the development and progress of the UAE.

His Highness wished the students success in their studies, expressing hope that they will contribute to the UAE's developmental journey by leveraging the knowledge and experiences they gain.

The Emirati students expressed their joy at meeting His Highness Sheikh Mohamed bin Zayed Al Nahyan, thanking him for his special attention and direct support for Emirati students abroad. They also underscored their appreciation for the support and resources provided by the UAE to help them continue their academic journey with distinction.
